

Product

Description

BLUECOLT[®]
LIGHTING
...beautiful light for all

DIMENSIONS

Height: 0.48" Width: 0.89" Interior Width: 0.70"

FEATURES

The LP1 provides a continuous line of light without gaps or dark spots. The sleek aluminum profile elevates the aesthetics of contemporary interiors, while state-of-the-art LEDs and optically enhanced lenses produce smooth luminance while using minimal energy. May be installed suspended with aircraft-grade cables, or surface-mounted with magnets or brackets.

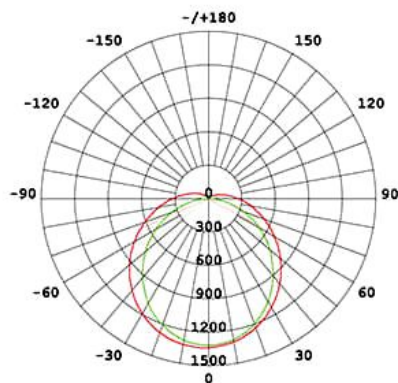

PERFORMANCE

Lumen Output:	Up to 2,100 Lumens
Wattage:	20W (4') / 10W (2')
Efficiency:	Up to 140 Lumens/Watt
CRI:	>80
Operating Temperature:	-4° to 156°F
IP Rating:	IP20
Dimming:	0-10V Dimmable (Optional)
Life Expectancy:	>50,000 Hours

Product

Product Description

LIGHT DISTRIBUTION

OPERATIONAL SPECIFICATIONS

Beam Angle: 120°

ELECTRICAL SPECIFICATIONS

Input Voltage 100 - 277V
Power Factor >0.9
